

the smart choice

EASE OF USE

The Triple X-Tract™ System is a 20 L alcohol extraction system, designed for maximum extraction of plant essentials with the least amount of effort. Our solvent extraction system utilizes three easy-to-change inline, step down filters. All Triple X-Tract™ components are ergonomically located for safe and quick operation with minimal movements.

The Triple X-Tract™ system can be quickly and easily relocated to any location and is designed to work seamlessly with the SprayVap™ system or any other oil-solvent separator to operate as one continuous closed loop system.

SMART EXTRACTION SYSTEMS

Colorado Extraction Systems manufactures oil extraction, solvent recovery and distillation equipment for a variety of industries. Our extraction and distillation systems utilize cutting-edge precision for total chemical separation. We use only the best in class, Made-in-America components for extraction in the industry today.
