

the smart choice

EASE OF USE

The MaxXtract™ System is a fully automated, closed loop, chilled alcohol extraction system capable of processing biomass up to a 1000 pounds per hour. The MaxXtract™ is designed for maximum extraction of plant essentials with the least amount of plant damage. Our solvent extraction system utilizes multi-tank design with centrifuge technology to drive 99+% solvent recovery while maintaining a low solvent to plant matter ratio. Dwell time and temperature are controlled to create tincture, and ultimately oil, with select plant essential properties.

CHILLED ALCOHOL EXTRACTION

- FULLY AUTOMATED
- TOUCHSCREEN PANEL
- UL C1D2 ELECTRONICS
- LOW TEMPERATURE -40C
- HIGH SOLVENT RECOVERY
- EASY TO USE AND CLEAN
- HIGH EXTRACTION EFFICIENCY
- CONSISTENT TINCTURE
- REDUCED FLOOR SPACE REQUIREMENTS
- FDA COMPLIANT [GRAS]
- MINIMAL PLANT DAMAGE

SMART EXTRACTION SYSTEMS

Colorado Extraction Systems manufactures oil extraction, solvent recovery, distillation and recrystallization equipment for a variety of industries. All our equipment utilizes cutting-edge precision for total chemical separation. We use only the best in class, Made-in-America components.
